## Overview – Research Performance Progress Report (RPPR)

---

Please note that the Research Performance Progress Report mirrors the Performance Progress Report Grants Online process. However, there is a difference in the content of the two forms.

During the Post-Award portion of the Grants Online lifecycle, the Grant Recipient must submit the Research Performance Progress Report for Research Awards. The reporting requirements were specified in the Award's Terms and Conditions and agreed to by the Grant Recipient when they accepted the Award.

The Report Status options are explained below:

- **Not Delinquent** – The report has been created and is ready to be completed (by the recipient) and submitted to the DOC agency. For 30 days after the end of the reporting period, the status is **Not Delinquent**. For a **final** report, the status is **Not Delinquent** for 90 days. After either 30 days (for an interim report) or 90 days (for a **final** report) the status is changed to **Delinquent**.
- **Delinquent** – The report due date has passed; the report has not been submitted to the appropriate Department of Commerce (DOC) agency. Although a report was not submitted by the deadline, it can still be submitted to the DOC agency using Grants Online.
- **Submitted** – The report has been submitted to the DOC agency but has not yet been accepted.
- **Accepted** – The report has been accepted by the DOC agency.

Two report status categories are relevant when an accepted report has been retracted and replaced with an updated report.

- **Withdrawn** – The report was previously accepted by the Federal agency but was subsequently retracted for correction. When a report is retracted, a new report is created; the status on the newly-created report is either **Not Delinquent** or **Delinquent** (depending upon the report due date).
- **Replaced** – A report that previously had a status of **Withdrawn**. When the new report (created by the system when the original report was retracted) has been accepted by the Federal agency, the **Withdrawn** Status is changed to **Replaced**.

The **Research Performance Progress Report** placeholder is generated one day after the performance period end date. The report is due 30 days after the performance period end date.

The final **Research Performance Progress Report** placeholder is generated one day after the award end date. The final report is due 90 days after the award end date.

## **Reminder Notifications**

---

As previously discussed, the initial PI/PD and Key Personnel must be the same as the person(s) whose names were specified on the award application. The recipient must use the Award Action Request to obtain pre-approval for updates to those assigned to the PI/PD or Key Personnel role from the sponsoring DOC agency.

Keeping the PI/PD or Key Personnel role (and other roles) up-to-date ensures Grants Online automated notification messages (e.g., report deadlines and report reminders) are sent to the appropriate recipient personnel. Messages to DOC grant recipients re: submission of required reports are automated; they cannot be turned off using the Grants Online User Preferences option.

Grants Online automated notifications and reminders for Federal Financial Reports, Performance Progress Reports, Research Performance Progress Reports, and satisfaction of Specific Conditions due dates are sent to the PI/PD. If a recipient has not identified a PI/PD on the Grants Online award profile, the advance notifications and reminders are sent to the Recipient's Authorized Representatives and Recipient Administrators.

Refer to the [Grants Online Notification Schedule Spreadsheet](#) for a summary of the information that alerts recipients of upcoming performance progress and financial reports; delinquent notifications; and enforcement notices.

### Research Performance Progress Report Details

- **Annual Performance Progress Report** – Initial Progress Report that covers the first nine (9) months after the award start date. The deadline to submit the report is 30 days after the report period ends.
- **Annual Performance Progress Report (EDA only):** Initial Progress Report due 12 months after the award start date. The due date for the RPPR allows the Agency sufficient time to review the Progress Report prior to releasing money for the next year of funding.
- **Semi-annual Performance Progress** – Progress Report due no later than 30 calendar days following the end of each six month period beginning with the award's start date.
- **Semi-annual Performance Progress Report (Synchronized with Financial Report)** – First Progress Report may be a partial reporting period to synch with the Federal Financial Report.

A last semi-annual report may be required no later than 30 calendar days following the end of the reporting period.

- **Final Performance Progress Report** – Report that summarizes activities conducted during the entire award, must be submitted within 90 calendar days after the award's expiration date. A recipient may submit the final report at any time during the 90-day period.

If the recipient submits a final report before the 90-day period expires and the Program Officer determines that revisions are required, the report will be returned via Grants Online to the recipient. The recipient may return the revised report at any time within the remaining 90-day period. The final report may also be returned multiple times to the recipient during the 90-day period, but the recipient must submit the last revised final report before the 90-day period expires. If a final or revised report is submitted after the 90-day period expires, it is delinquent.

**NOTE:** When a report is submitted, no additional notifications are sent. An exception occurs when the report is returned to the recipient and thirty (30) days have elapsed but the report has not been resubmitted. At that point, the task is considered delinquent and a delinquent notification is sent.

## Search for a Research Performance Progress Report

1. There are two methods that can be used to locate the Award Number associated with the Research Performance Progress Report (RPPR). The first method is explained in Steps 2 - 5; the second method is explained in steps 6 - 8. Either pathway leads the user to step 9.
2. Click the **Awards** tab and click the **Search Awards** link to locate the Award Number of the report you wish to complete. The discussion in this section focuses on locating the Research Performance Progress Report.

The screenshot displays the Grants Online system interface. At the top, there are navigation tabs: **Inbox**, **Awards**, **Account Management**, and **Help**. The **Awards** tab is selected and highlighted with a red box. Below the navigation tabs, a blue header bar contains the text "Welcome to Grants Online Arthur Rep25. You are logged in to Ath10." and a "Log Off" button. On the left side, there is a vertical menu with several options: "ASAP Enrollment Request", "Manage Recipient Users", "SF-425A for Multiple Awards", "Search Awards", and "Search Reports". The "Search Awards" option is highlighted with a red box. An arrow labeled "OR" points from the "Search Awards" option in the menu to a "Search Awards" link in the main content area. The main content area is titled "Awards" and contains several sections: "ASAP Enrollment Request", "Manage Recipient Users", "SF-425A for Multiple Awards", and "Search Awards". The "Search Awards" section is highlighted with a red box and contains the text: "The Search Awards feature allows you to find Awards by Award Number or Recipient Name." Below this, there are sections for "Federal Program Officers and Grants Management Division Users" and "Grantees".

- From the Search Awards launch page, click the **Search** button. All Awards for the users' organization are displayed. Alternatively, the user may narrow the search by entering the **Award Number** before clicking the **Search** button.

7. Enter comments in the **Project Outcomes** section. Note that the comment box is a required field and has a limit of 4,000 characters.
8. Click the **Save** button.

The screenshot shows a form titled "PROJECT OUTCOMES" with a "Guidance" link. The main question is "50. What were the outcomes of the award?\*" followed by a large light blue text input area. Below the input area is a "Spell Check" button. At the bottom of the form, there is a warning message: "This form is not validated and cannot be forwarded to the Federal Agency. Clicking the Save button will show validation issues." Below the warning are three buttons: "Save" (highlighted with a red box), "Cancel", and "Print".

9. At the top of the page, click on the **Attachments:** link.

The screenshot shows the "Attachments:" link highlighted with a red box. Below it, the text reads: "DEPARTMENT OF COMMERCE", "RESEARCH PERFORMANCE PROGRESS REPORT (RPPR)", "RPPR Guidance", and "Award Action Request Guidance". At the bottom, there is a dark grey bar with the text "AWARD INFORMATION".

10. The attachment widget is displayed. Next to Add New Attachment, click the **[+]** link.

The screenshot shows the "Attachments:" section with a folder icon. Below it, the text reads: "No attachments." and "Add new Attachment: [+]" (with a blue arrow pointing to the plus sign). At the bottom, there is a note: "Any changes to information on this page should be saved before adding or removing attachments."

11. To add an attachment complete the following steps:

- a. Click the **Choose File** button and navigate to the appropriate file stored on the computer.
- b. The Description\* data element is mandatory. The user won't be able to navigate away from this screen without providing a description of the attachment.
- c. If appropriate, click the "Internal use only" check box and any applicable attachment category.
- d. Click the **Save Attachment** button and the attachment is uploaded to Grants Online.
- e. Repeat steps 2a – 2d as many times as is necessary to upload each attachment.

12. If any error messages appear, these issues must be addressed. If no error messages appear, the bottom of the screen will then display the Save and Start Workflow button. To start the workflow, click the **Save and Start Workflow** button.

**NOTE:** If you wish to print a paper copy of the data entered thus far and/or attachments associated with the report, locate the **Print** button at the bottom of the screen. A PDF version of the RPPR downloads to the user's computer. To open the PDF, click the PDF file name. The PDF file opens in a browser. From there the user can scroll through and/or print the RPPR.

13. A message displays asking the user to confirm the intent to proceed with the next steps in the process. To proceed, click the **OK** button.

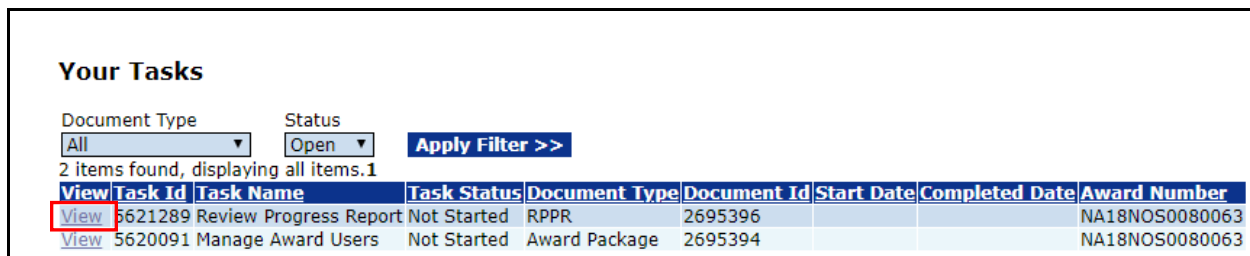

14. A task associated with this action is visible in the user's Inbox. Follow the steps in the [Submit a Research Performance Progress Report](#) section of this document. The review task goes to the creator of the document and the organization's Authorized Representative(s). If the user has the Authorized Representative role s/he will complete both actions prior to forwarding the task to the appropriate Grants Online agency.

## Submit a Research Performance Progress Report

When the Research Performance Progress Report is complete, the Authorized Representative receives a task in his/her Inbox to review the Report. This task is sent to all of the Authorized Representatives within the users' organization. For example, if there are five Authorized Representatives within the users' organization, all five receive a task to review the Performance Progress Report. When an Authorized Representatives clicks the View link for the task, that person owns the task. Subsequently, the task is removed from the Inbox of the other four Authorized Representatives.

1. Click the Inbox tab followed by the Tasks link. Click the **View** link next to the **Review Progress Report** task.

## Replace a Report

Any accepted Research Performance Progress Report (for an open award) can be replaced with a new report. This is a two-step process that involves withdrawing the existing report and replacing it with a new report. The new report must be processed using the same workflow as was applied to the original report.

Although there is no limit to the number of times a report can be replaced, the following guidelines should govern replacing a report:

- Reports for closed awards cannot be replaced
  - Only **accepted** reports can be replaced
1. From the Grants File launch page, under the Progress Reports header, locate the report that is to be replaced. Click the **ID** link that is associated with the report.

7. Make the appropriate changes to the RPPR. If the user has the appropriate access level s/he can forward the report directly to the Federal agency; otherwise, the report should be forwarded to the individual whose role permits him/her to forward to the agency.
8. When the new RPPR is completed and accepted, the status on the Grants File page will be updated to Accepted.
